About Golden Global Corp.

Golden Global Corp. is one of the first fully integrated publicly traded medical marijuana companies. The company's management has the ability to capitalize on the entire process from seed to store. The company's vision is to create a market for designer strains and develop and market them through every vertical including seed, clone, dedicated grow, extraction branding and distribution. These strains can be used to create a national brand working within all of these same verticals. The model is extremely leverageable, can be replicated easily and is highly profitable.

The size of the market for legal marijuana in the United States is projected to grow to \$32.1 billion in 2018. That represents a 26% growth over the previous year, driven largely by adult recreational sales of marijuana that rose 184% in the past year.

According to the Huffington Post legal marijuana is the fastest-growing industry in the United States and if the trend toward legalization spreads to all 50 states, marijuana could become larger than the organic food industry

GLDG Well Positioned for Strategic Growth in 2018 ... What you need to know ...

Golden Global Corp Acquires Marijuana Cultivation Assets in California in Asset Purchase Valued at \$15.0 Million

BOCA RATON, FL / ACCESSWIRE / March 6, 2018 / Golden Global Corp. (OTC PINK: GLDG), announced today that on February 28, 2018, it entered into two asset purchase agreements with a non-affiliated individual, pursuant to which it contemporaneously acquired certain assets which will allow the Company, subject to the Company applying for and being issued the required licenses, to establish a legal medicinal and recreational marijuana grow operation in California. The assets purchased include a state-of-the-art 150 light indoor hydroponics facility, eight greenhouses, ranging in size from 8,800 square feet to 60,000 square feet, various permits and additional fixtures, equipment and supplies. The purchase price for the assets consists of 20,000,000 shares of GLDG common stock issued to the seller and \$15,000,000 in cash payable in installments over a two-year period.

The properties being acquired are in San Benito and Monterey Counties in California.

With this acquisition, GLDG believes that it has taken a major step in implementing its plan to become a vertically integrated commercial medical marijuana company.

"This acquisition is an exciting development for Golden Global Corp," said CEO Erik Blum. "I know our investors have been very patient in waiting for things to develop. We see multiple opportunities happening quickly as we enter this new space and look forward to increasing shareholder value. We are in the process of getting our house in order, exploring multiple joint ventures, securing our financing, becoming current in our SEC reporting and creating an advisory board."
